

SHIELD wheel cover

The disks are made in glass fibre or carbon fibre composites. They give your velomobile the additional aerodynamics and slightly better speed range as well as an aesthetic factor.

The colours available for **velomobiles, trailers, wheel covers and roofs:**

PIMA VELOBIKE

PRODUCTS 2016

We work and develop our ideas and projects

VELOMOBILE

No matter what the weather is, no matter where you have to go Cab Bike Hawk gives you freedom and can take you anywhere you need.

CAB BIKE HAWK velomobile is available with a lot of customizing configurations.

CLASSIC

The standard version of the legendary velomobile. The simplest and lightest version available. Just because sometimes you don't need more...

The model is shown with some optional equipment. Please check full specification on: cabbike.pl

HYBRID

The well-known body line covers the great all-in-one power. The choice is free: pedals alone or electric assist. You choose it any time you want.

Write us for details to learn how to customize or equip your velomobile.

BIKE TRAILERS

Sometimes your bike or velomobile has to change its character. Simply you need more space. Bike trailer is so comfortable and easy to fit solution that you can turn your favourite vehicle into a clever practicality.

TAIFUN COMPACT

A capacious and manoeuvrable bike trailer. Enjoy the relaxed riding with all your necessary stuff following you whether you go shopping or relax, whether you ride a bike or a velomobile.

EGG & ROLL

A designer and compact, smoothly riding trailer for bikers and velomobilers. Innovative solution that gives you a lot of comfort on a weekend tours or everyday challenges.

EGG & ROLL CARGO

Open and functional trailer, intended for bikers. You can transport different goods with no shape limits. Just feel free and pack it full.

ACCESSORIES

Thanks to a few products your velomobile can be equipped with what you currently need.

HARD TOP roof

Made in glass fibre or carbon fibre composites. Designed to supplement Cab Bike Hawk in a perfect way.

NEO seat

The ergonomic and anatomically shaped seat supports you and gives you the necessary stiffness for pedalling. Sizes available | S | M | L |

NEO air seat cover

The wellcrafted cover, perfectly matches the NEO seat. It provides the desired travelling in comfort.

PIMA velobike

It was born from passion and dreams. It has been developing gradually. It has been changing and transforming into its present shape. It is still going on.
The main power is to create useful products for people who seek for innovative perspective for personal transport.
